Local Poultrymen Capture Prizes at Sonoma County Fair

Sonoma Family Is Saddened By Deer Hunt Tragedy

MANY BIRDS ARE ENTERED IN THE POULTRY SHOW

High Class Sonoma Valley Poultry Win Awards at Sonoma County Fair at Petaluma.

The Utility Poultry Show at Petaluma which closed Sunday, Aug. 19, was 100 per cent better than last year's exhibits, mainly because of the far better quality of the birds shown.

Competition was very keen in all classes and any prizes that were won were well earned by the owners. Sonoma County as a poultry center has finally come to realize that it does not pay to keep just chickens, because they have feathers and combs, but that chickens have to pay for their feed and realize a profit to keep their heads on their shoulders. The larger the pedigree the chicken has the better chance it has to live. There were over 1400 White Leghorns of all classes. One thing brought out at this show was the fact that all male birds shown this year had a double trap nest record, whereas last year, all kinds of males were shown. Some were just roosters with no pedigree at all.

Remarks were often heard during the show such as "this is the best utility bunch of Leghorns I've ever seen" and "this is the kind of show to be proud of" etc. Every poultryman left there with more knowledge of good stock than when he came. That is the reason this show is held at Petaluma, to let the poultrymen know better stock and where to get it and that is just what we all need "better stock, and then some".

Well, we brought home to the Valley of the Moon a big chunk of bacon in the form of prizes. Of course the biggest chunk stayed in Petaluma, but we will get a bigger slice next year. We have the stock right here as good as any poultryman needs if they look around and compare ours with others. No need to send off for chicks and buy without seeing the parent stock when you can see what you buy here. If the breeder talks records, demand that he prove it by a sworn statement, or buy from one that will show proof of what he says he has.

Following is a list of prizes won at the show by poultrymen from this valley:

—Wm. J. Otten—Second prize on cock 1 year and over—250-299.
Third prize on cock 1 year and over—250-299.
Third prize on pullets (6 months)—200-250.
—D. Colli—First prize on cockerel 5 months old—200-250.
—Gigerich & Callahan—Second prize on cockerel 5 months old—250-275.
—W. B. Pearson, Vineburg—Second prize on pullets 6 months old.
Third prize on pullets 6 months old.

Mrs. Charnian London has sold Wake Robin Lodge to Mrs. Eliza Shepard and Mr. and Mrs. Wm. Allen who will improve the property, and furnish the cottages on the grounds for week end parties. Allen is an overseas veteran.

Architect To Submit Plans For Hospital

Hollow Tile Fire Proof Building Design To Be Submitted to Sonoma Valley People.

The Sonoma Valley Hospital project which was given impetus following the fire which destroyed Crane's Sanitarium is assuming definite shape and plans for a new hollow tile building of the latest design will soon be ready to submit to the public.

Architect Dakin, representing the hollow tile firm was here this week conferring with Mr. and Mrs. Crane. He took down Mrs. Crane's ideas for the new building and advised a one story fire proof structure with an 8ft basement to care for the kitchen and laundry. If the building is built on the former site of Crane's Sanitarium, patients can be taken directly in to the main floor, owing to the natural slope on which the building would be built.

Other sites have been offered, among them several at Boyes Springs, and all will be submitted to stockholders of the Hospital Association. It is planned to build 20 rooms. The one story plan is commended because of the availability of plenty of ground floor space and for convenience and economy. The hollow tile construction is being used by the Government for all late hospital buildings, including one at Camp Lewis. At Seigler Springs, a sanitarium is now being built of this fire proof material.

\$12,000 must be in escrow before the building of the new hospital can be begun. If started next month, it can be completed by November, says the architect.

PROMISING TALENT IS HEARD AT CLUB

The Sonoma Valley Woman's Club has been responsible for bringing out considerable musical talent at its social afternoons, where many young people are asked to appear on the programs during the year.

Last week, at the annual General Vallejo Day, which the Club commemorates, Miss Constance Power, daughter of Mr. and Mrs. Maurice Power of San Francisco, formerly living here, gave two piano numbers. They not only revealed excellent training, but natural artistic appreciation and musical sense. Miss Power played with a clarity of tone and careful phrasing which was more than technique. With fuller maturity, her playing will be indeed brilliant. "The Kamennoi-Ostrow" of Rubenstein, and a Chopin number were given by the talented young artist.

Another excellent number of last week's program was the recitation in Italian dialect by little Miss Paloma Williams, grand daughter of Mrs. Maria Vallejo Cutter. Paloma has evident dramatic talent and natural facial expression.

The vocal numbers of Miss Zolita Bates are always delightful. She has a clear, sweet voice and sings with ease and finish.

Mrs. Lulu Emparan's Spanish numbers are invariably received with enthusiasm.

San Francisco Seals Will Train On New Diamond; Bleachers To Be Erected.

Sonoma Valley is to have a new base ball park and bleachers which will prove a drawing card for ball fans from all over the state. A diamond is to be laid out the coming week under the experienced direction of George Putnam, secretary of the San Francisco Seals, and Captain Hardy, technician, at the Mission Inn grounds south of the present club house, formerly the Bigelow residence.

Bleachers will be erected and up-to-date features incorporated in the building of the new ball park. The Seals have signed up for this training ground for the coming season and other big ball clubs are interested and will be invited, including the New York Giants.

It is planned to make the athletic features of the Mission Inn one of the great drawing cards and to advertise them widely, so that motorists will be attracted to this great outdoor playground winter and summer.

The golf club initiation fee is to be raised to \$500 beginning September 15. It was so decided at a meeting last week of the Mission Inn directors. Anyone who has been asked to join and who wishes to go in before that date may do so at the present fee of \$100. It is pointed out that with the completion of an 18-hole course and with the very reasonable monthly dues, the Valley of the Moon Golf Club will be an exceptionally attractive proposition. Membership will be limited to 100. Among local enthusiasts are F. Wedekind, Dr. A. M. Thomson, Frank Burris, E. T. Lindley, Andrew Smith and E. Clements.

George Fetters Went To Pittsburgh, Penn.

George Fetters, well known proprietor of Feters Springs Hotel, was summoned to Pittsburgh, Penn., last week, owing to the critical illness of his mother in that city. A telegram from his sister in the East caused Mr. Feters to make hurried arrangements to leave at once. He has several brothers in the East who were prominent overseas men during the war.

During the absence of the well known hotel man, the resort will be conducted by Carl Zuckerman, well known caterer who has been there all season. The theatre will again be under the management of William A. Collins, the present lessee, F. Scaler, returning to San Francisco.

Marie Fouts Captured The Diamond Ring

The exciting contest for the diamond ring given away by the Jennings Tent Show during their recent theatrical engagement resulted in Miss Marie Fouts being the winner by a large majority of votes. Miss Evelyn Valente, daughter of Jack Valente of San Francisco, was next highest and Miss G. Downey third. The contest was one of good natured rivalry and created much interest among the friends of the pretty young lady candidates.

Fine Time At Redmen Picnic

The Redmen's Sonoma Lodge and Daughters of Pocahontas had a fine crowd at their benefit picnic last Sunday at Schumanns Resort, Buena Vista. There were many visitors from San Rafael and San Francisco. Dancing under the trees to the Foxy Orchestra and other diversions made the afternoon most enjoyable.

Tomorrow Schumanns Park will be the scene of another picnic, the Herman Sons of San Francisco gathering there for an outing. The public is invited.

Mrs. Shepard is to attend the state convention of the American Legion, in session at Eureka the coming week.

Excellent Faculty For High School

Added Facilities and Revision of the Courses Promise Well for New Term Opening Sept. 4th.

Work begins again at the Sonoma Valley Union High School on Tuesday, Sept. 4th. All students should appear promptly on that date. For beginners, the principal will be in his office every week day of the week previous, between the hours of 10 to 12 and 2 to 4, to confer. Parents are especially advised to come with their children some time during the week.

There will be an increase of one member to the faculty, made necessary by the increase in attendance. Only one of last year's teachers has resigned. The school last year possessed a strong, well balanced faculty, and the fact of their returning should add additional strength to the work of this year. The faculty and their subjects are as follows:

L. H. Gilton, principal. Social science, commerce and industry, general mathematics.

Florence A. Rolfe, vice principal. Latin, Spanish and stenography.

Bertha L. Warthorst. Science and mathematics.

Edith A. Hoag. U. S. history and civics, commercial branches.

L. L. Stenquist. Agriculture, farm mechanics and athletics.

Eva Byrne. Domestic science and art, physical training.

Mary L. Bloom. English and free-hand drawing.

Edith Coggins. English, geometrical drawing, general history.

Lyle Campbell. Music, physical training, library and study hall.

The Board of Trustees, while working on a very limited capital outlay, will nevertheless make some very serviceable improvements in the school plant. By the time school opens, five of the wooden buildings will have been moved to the new grounds. These buildings are absolutely necessary to the work of the school. The buildings will be put in presentable condition, and with the growth of plants about them, will not detract from the appearance of the new building. The grounds will also be graded, an auto drive will be built, soil will be brot to the front of the building for lawn and shrubs, the athletic fields will be put in shape and bleachers will be constructed.

The motion picture machine has been adjusted so that educational films and slides can be used.

The course of study is being rapidly modified to meet with the recommendations of the State Board of Education. The careless elective system of years past has been very much modified so that every pupil must follow a definite course of study instead of carrying so many subjects. Each course of study is intended either to fit a pupil for some definite vocation or else to give him the preparatory work for further education.

The courses which will be offered the coming year are as follows: University preparatory for all colleges, normal school preparatory, nursing school preparatory, agricultural, business, home-making and citizenship courses.

A reception and chivari was given Mr. and Mrs. Jep Valente and Mr. and Mrs. August Pinelli at Lawrence Villa the first of the week. The newlyweds were given a fine send-off by their many friends and all who attended had a most enjoyable time.

The arrangements were handled by Garry Bartoli and Amando Bianchini.

The new St. Francis church was the scene last Sunday of several christenings. Those baptized by Rev. Fr. Byrne were Eugenia Dorothea Chelini, daughter of Mr. and Mrs. A. Chelini; Anita Ethel Castagnasso; Dorothy Adelaide Crivelli and Gladys Louisa Lancaster.

The Bellvue Hotel at El Verano was also raided by Ryan and the proprietor plead guilty to illegal possession of liquor and was fined \$250 by Judge Small.

A still, a quantity of mash and other evidence was seized on the A. Noe ranch above Glen Ellen this week by Deputy Sheriff Ryan. Noe was fined \$300. He turned over a letter signed by the Ku Klux Klan ordering him to leave the state in 10 days. Judge Small thinks the letter a hoax.

The Bellvue Hotel at El Verano was also raided by Ryan and the proprietor plead guilty to illegal possession of liquor and was fined \$250 by Judge Small.

SEBASTOPOL MAN ACCIDENTALLY SLAYS HIS BROTHER-IN-LAW

Wife and Three Children Left to Mourn the Death of R. D. Murphy of Los Banos.

Mr. and Mrs. F. H. Badger of Broadway were shocked by news of a tragedy which befell Mrs. Badger's brother, R. D. Murphy of Los Banos and Roy Martz, Sebastopol mail carrier, who were hunting in Lake Co. Martz killed Murphy last Saturday while shooting at a deer. Martz is also a relative of the Badgers.

The Sonomans were to have joined their relatives on the camping trip and deer hunt this week. Instead, the grief stricken sister accompanied the slain hunter's remains to Los Banos where a widow and three children are bereaved by the awful fatality.

Badger is an employee of the California Telephone & Light Co.

At an inquest held by Coroner W. J. Blake of Calistoga Sunday morning a verdict of accidental death was returned.

Martz carried the wounded man on his shoulders over rugged trails in the dark from Cobb Mountain to Middletown, and was almost prostrated from exhaustion and grief when he arrived.

The two men sighted a deer, Murphy fired two shots, wounding the animal, which took to the brush. Murphy then directed Martz to take the canyon while he took the ridge, following the deer's trail. At the head of the gulch Martz saw the deer high above him on the ridge. He fired and missed the deer, but the bullet struck Murphy, who was standing in the line of fire, in the right breast. The deer sprang away and Martz saw Murphy fall.

EL CAMINO CLUB IS COMING TO CALIENTE

The El Camino Club and Auxiliary of San Francisco are planning to sojourn at Agua Caliente Springs for three days, the 1, 2, and 3rd of September. The members of the above organization have very fond memories of their last visit to the valley where they were made to feel at home and in general, good care was taken of them by Tom Corcoran of Agua Caliente Springs Hotel. Their stay here last year was such a happy one, they were unanimous in their selection of the valley to again hold their annual outing.

Rev. Father Byrne will hold an open air mass on Sunday, Sept. 2, at the Education. The careless elective system of years past has been very much modified so that every pupil must follow a definite course of study instead of carrying so many subjects. Each course of study is intended either to fit a pupil for some definite vocation or else to give him the preparatory work for further education.

The courses which will be offered the coming year are as follows: University preparatory for all colleges, normal school preparatory, nursing school preparatory, agricultural, business, home-making and citizenship courses.

EL VERANO NEWS

By ARCHIBALD McKIVER

Captain Neilson and wife were Saturday morning passengers for Oakland.

Mr. and Mrs. W. J. Kroeger were visitors at the Petaluma egg show on Saturday.

Albert Rossi and family left Monday on an extended camping trip throughout California.

Barney O'Neil, of the Lombard Ranch, transacted business in San Francisco over the week end.

Fred Jensen and wife motored up from San Francisco Sunday and spent the day at their summer home.

Adam Adler, well known Sonoma furniture manufacturer, was an S. P. passenger for Oakland Tuesday.

The Lombard Pigeon Farm recently shipped 1000 prize birds to San Francisco, where they have been sold.

Frank Sprague, a leading barrister of Sonoma, returned Saturday evening after transacting business in Oakland.

Tom Partridge of San Francisco has been looking over property interests here and disposing of his grape crop.

John Vincent, formerly pioneer El Verano butcher, who now resides in San Francisco, was a visitor here Sunday.

Mr. and Mrs. M. O'Dowd and son are up from San Francisco spending several days at their summer bungalow in southern El Verano.

Thomas Crowe, hotel man of San Francisco, motored up to the Annadan Resort Tuesday, visiting Mrs. Crowe, who is a guest there.

Abatement notices have been posted by Sheriff Boyes and Deputy Ryan on two of our resorts. Now if they can abate the thirst and appetites of the public, we will all dry up.

Many of our people attended the Petaluma Egg Show last week and all pronounce the exhibits, races, parades and other amusements very good.

W. and T. Wyatt left for San Francisco Monday where they will take a six months' course at Heald's College, learning the ins and outs of the auto game.

Mrs. Frances Nemesis has been visiting El Verano friends from Fresno. Mr. and Mrs. Nemesis formerly resided in Sonoma, the former being one of the contractors on the new high school.

Al Johnson of Boyes Springs was in town Tuesday visiting his life long friend, Archie McKiver. Al is thinking seriously of throwing his hat in the ring for the mayorship of the Springs.

Deputy Sheriff Joe Ryan, accompanied by Sheriff Boyes, raided the Bellevue Hotel Tuesday. Evidence was secured and G. Bini was taken to Sonoma and fined \$250 in Judge Lester Small's court.

Frank LaHaye, our well known Sonoma Valley Beau Brummel, has returned after a sight seeing and pleasure trip to San Francisco. Frank is now manager of a large fruit ranch at Agua Caliente.

W. D. Sloan and wife motored to Petaluma Saturday, taking in the egg festival. Mr. Sloan also played in the new Sonoma Park Band, which made quite a hit with the big crowd that was in attendance.

Frank Denny, retired Oakland pugilist, was a guest at the Nufer home Sunday. Denny is now holding a responsible position with an oil company and has discarded the gloves

since his memorable battle with colored Panama Joe Gans, the Oakland slugger. When reminded of that bout by the writer, Frankie started to talk about the weather and other kindred topics. In this battle Denny didn't know whether he was coming or going and says he is through with colored men forever. Otherwise Frank is all right and doing nicely.

Frank Weigands, formerly a livery stable man at El Verano, after a 20 year's absence, called on his old friends here last week. Frank pulled in from Petaluma, where he had a string of race horses at the fair.

Mr. and Mrs. W. H. Bush, newly-weds, motored over to Petaluma Saturday in their new Ford coupe, taking in the celebration. The Bushes have recently returned from the East, taking up their residence at Sonoma Vista.

Billy Cumming, N. W. P. official, who recently underwent an operation at San Francisco, and is now well on the road to recovery, was a welcome visitor in El Verano last week. Bill met all his old time friends who were glad to see him.

Dave Forni headed a local delegation of sports to Petaluma Tuesday, where they attended a fine boxing exhibition. The boys all did their stuff well and Tom Caulfield, referee, acted like a veteran in handling the fighters and rendering decisions.

James Arguello, famous piano player, left Monday for Reno, where he will play the ponies and once more seek a fortune. Jim tells the writer he already has gone through one fortune and the next one he will keep, if he is lucky.

Mr. and Mrs. Evans of San Francisco were Sunday visitors at the Sonoma Vista home of the Beachs.

George Fettes of Fettes Springs has left for New York City, where his mother is seriously ill. Mr. Fettes will be absent for some time.

Joe Dowdall, while motoring last Saturday in his Ford car near Petaluma, the car turned over, tearing the top off. It is not known how the accident occurred, but it is thought the car skidded. Mr. Dowdall escaped injury, but the machine was badly wrecked.

Mr. and Mrs. P. Millitello, nee Sutter, Miss Millitello and other friends, arrived from Buffalo, N. Y., Tuesday. They motored through from the East, camping along the way, and had a most enjoyable tripp. The Millitellos, who have been in Buffalo for several months, will make their future home here.

George Baines and family have arrived and taken up their residence. Mr. Baines is busy having the former Baines garage put in tip-top shape and installing all the latest equipment necessary for an up to date auto repair shop. He will also have a gasoline service station. The Baines family formerly resided at Colma.

Another tank car of that famous hard vinegar, which has made Joe Sorini famous, is being pumped at the El Verano station. The odor of the liquid has attracted the passengers on the local trains, and as the old rattlers pull out of town, windows are thrown open so that the travelers may get a last sniff of this strong beverage. El Verano natives are also enjoying the fun and it is said dry agents are peeved

ed that it is all legal. This stuff of fire which had been sent in that is certainly all right, no evidence western El Verano was ablaze. A can be secured, and is one better that large number of machines and excited than the party said to have been held natives followed in the wake of the in Judge Small's court in Sonoma last fire engine and upon reaching the week when local Sonoma men failed fire, it was discovered that A. Englin to realize that prohibition was on and had been burning some old papers and were alleged to have been taking an and rubbish and had let the fire get astronomical observation through a beyond his control. After some rather hard work on the part of the volunteer fire fighters, the fire was extinguished. The starting of fires with out a permit is getting to be a regular practice, causing our peaceful citizens considerable undue excitement and resulting in the loss of a lot of good gasoline, besides endangering homes and other property. This indiscriminate starting of fires should be halted, not only on account of the probable loss of property, but for the sake of our brave fire fighter, Chief Cause, who has been kept busy answering alarms of this kind.

Superintendent Tom Rollands and Trainmaster Garry Wright, after looking over the grape situation and meeting officials of other railroads at Santa Rosa last week in regard to transporting the heavy Sonoma county crop of grapes, passed through here in the superintendent's private car, which was attached to the local freight train. This is seldom done by such high officials and shows that Superintendent Rollands is the economy kid of the S. P. Governor Richardson, famous as the economy governor of California, has nothing on our rail officials when it comes to economizing. In former years these same officials traveled with special cars, engine and train crews, and had the best of everything when out on the road. With such savers at Rollands and Wright, The S. P. Company will be safe from bankruptcy during their term of office.

The quietness of El Verano, contentedly basking in the peacefulness of a Sabbath morn, was rudely shattered Sunday by the shrieking siren of the Red Devil as it rushed madly through town in response to an alarm

SPENT ENJOYABLE VACATION

Christ Schulz, an old visitor and admirer of Sonoma Valley, has spent a nine weeks' vacation at the Spitzfaden Summer Resort. Mr. Schulz during his stay met many old friends and enjoyed talking about the old times and the present improvements and developments throughout the Valley. He also paid several visits to the Sonoma Valley Improvement Club and the Sonoma Centennial celebration. He left last Sunday with a smile, wishing good luck to the Valley. Come again, Chris.

AGUA CALIENTE ITEMS

Mr. Buck of Caliente Park is working on the Goldstein Ranch. The probable loss by fire of the Lark was prevented Friday by prompt service rendered by Perkins of the Service Station. Perkins had just been coached by his big brother, Captain Charlie Perkins, of the Boyes Springs Fire Department, and had put a big piece of burlap to soak. When an oil stove in the kitchen of the resort caught fire, Perkins smothered it with the wet cloth and carried the blazing stove to the street. Driver Langhan of the Union Oil Company,

came up a few minutes later with a hand extinguisher. The campaign for fire fighting funds is on, so everyone should do their bit. Tom Richards is visiting Tim O'Gorman this week. G. Stickel and family and W. F. White and daughter Minta, of Agua Caliente Park, are spending their vacation in the central part of Oregon and visiting Crater and Diamond Lakes on their way. The Crockett Volunteer Fire Department and their families had a big banquet barbecue on Sonoma Creek Sunday.

DID PAT SPILL THE BEANS ON STONE WOMAN?

(From The Oakland Tribune)
Science has maintained with some persistence that it is impossible for the human remains to petrify. When an Oakland expedition reported the discovery near the Grand Canyon of the bodies of giants, turned to stone, science tilted its doubting nose. Then Agua Caliente came to the rescue of the discoverers.

There was "discovered" there what was said to be the petrified torso of a woman. If the story holds out a number of scientific conclusion will have to be altered and there will be a large number of persons who will consider the California find of the utmost importance. Several things are to be remembered before the old theories are discarded for the new. One is that Agua Caliente is noted for its hot springs and its attractive resort features. Not long ago another resort reported a dinosaur and it is a poor bathing beach which does not own a pet sea-serpent.

It so happens that one Pat McDonald is the superintendent of the Rudolph Spreckles ranch near Agua Caliente. Pat has discovered a stone body not far from the celebrated torso, only his is that of a child. Formerly it was one of a number of statues on the Spreckles ranch. In composition it resembles to a remarkable degree the discovery at the nearby Agua Caliente.

There are other things to consider. The disputed torso is set in the ground and protected with a wire netting. Ostensibly this is to prevent anyone from removing it or chipping off a souvenir but its effect is to make close inspection impossible. This body, if it turned to stone, turned into different kind of stone than is native to the region, and, moreover, turned to the same kind of stone as that from which the Spreckles statues were formed.

Perhaps it is not the courteous thing to be hesitating about accepting the stone lady on the face of her present recommendations, but it would not seem that, as yet, she has succeeded in altering any scientific theories.

WE BET ON THE GOVERNOR

Friend W. Richardson, governor of California, vs. H. A. Jastro, president of the California State Agricultural Society!

No, this is not a suit in court: it is a contest at the horseshoe pitching to determine the skill and prowess of these distinguished Californians and public officials at "farmer's golf". Both are experts. They will stage the game in front of the grand stand at the California State Fair grounds during the big state show. It will be a contest to the finish. No quarter will be asked or given by the contestants.

The Governor will soon be back from his vacation and at the state capitol. Meantime, down in Southern California he has put in some time at practice pitching horseshoes. Last week when the Chief Executive visited the Whittier State school for boys he found time to throw the quoits with them and these youngsters wondered at his accuracy and facility.

As soon as Secretary Charley Paine of the state fair announces the horseshoe pitching feature at the state fair the Governor made up his mind to enter. President Jastro, himself no novice at the game bantered the governor who forthwith issued a challenge which the Kern county cattle king and agricultural board head accepted, setting the time at the forthcoming fair.

This battle royal with the horseshoes promises to be one of the zestful events of the fair. It will be pulled off on the lawn in front of the grand stand before throngs of people.

Mr. and Mrs. D. Volquardsen motored to San Francisco over the week end to visit their son, Leland and family, and their daughter, Mrs. Gustav Rahm.

Mr. and Mrs. Charles Lowell of southern California have been making an extensive auto camping tour this summer, which took them into Washington and British Columbia. Their daughter, Edith, a graduate of U. C., was recently married up north. The doctor visited his mother, Mrs. Clara Lowell, of Sonoma, while on the trip.

N. G. W. GREENBERG, A FORMER RESIDENT, DIES

N. G. W. Greenberg, of Napa, former owner of the Wirtz ranch, died in Napa on Wednesday of last week, the same day as the death of Mrs. Wirtz. The Napa Register of Thursday, August 16th, said:

N. G. W. Greenberg, prominent and highly esteemed resident on the highway a few miles northeast of Napa and in the vicinity of the Napa City Water Works, passed away at 8:20 o'clock Wednesday evening after a long illness.

Mr. Greenberg was a devoted husband, a loving father and good friend. He will be greatly missed, not only within the family circle, but among the large number of friends he made during the seven years he was a member of this community.

For over 35 years, Mr. Greenberg lived in San Francisco, being a druggist. Some seven years ago he purchased the country property on the Water Works road near Napa where his last days were happily spent.

Deceased was a native of Sweden, aged 73 years. He was a member of Abou Ben Adhem Lodge No. 112, of Odd Fellows in San Francisco.

Surviving is the widow, Clara M. Greenberg and three daughters: Mrs. Emma L. Read of San Francisco; Mrs. Dorothy E. Wheaton of Napa, and Miss Clara Greenberg of Napa.

A JUST KICK AT ROADS

(From Petaluma Argus)

The road problem is ever with us. Unlike the cat, it never goes away and never comes back. Three roads in this section of Sonoma county are in deplorable condition. We refer to the D street road, the Western avenue road and the Sonoma road. All these highways are business as well as touring feeders to Petaluma. The D street and Western avenue roads are the inlets for travel from the great coast section, while the Sonoma road is the inlet for travel from Sonoma, Napa and the Sacramento and San Joaquin valleys. These roads should be permanently improved. Just now these projects can be financed it is difficult to say, but there ought to be a way.

We have been patching and repairing for half a century and have expended many times the amount that would be required right now to permanently improve all three of these roads. Roads in Marin county connecting with the D street and Western avenue outlets are in good condition. On the road to Sonoma but seven miles remain to be improved to reach Sonoma and the Black Point cut off, which is State highway. Can a way be found to secure the approximately fifteen miles of highway without unduly increasing the tax levy? We notice that the board of supervisors have been using general fund money for some very expensive bridge work in the northern part of the county. The total amounts to \$300,000. Is it not about time some of these general fund expenditures were being made in this end of the county? South Sonoma county pays considerably over one-third of the county taxes, which means that a minutely small portion of general fund money paid by South Sonoma tax payers is expended at their source. We paid one-half of the cost of the bridges at Healdsburg and Guerneville, and of other bridges recently constructed in the northern part of the county.

It may be that the law prevents the expenditure of general fund money for road improvements. If so, we are barred from a very large enjoyment of general fund expenditures for road purposes as we have no large bridges to be constructed. Anyway, the need of the hour, for Petaluma's continued prosperity and for the convenience of our people and of those who come here to do their trading, is the improvement, permanently, of the three roads herein named. Petaluma Argus

CARD OF THANKS

I desire to thank my many friends for their loyal support and help in the recent contest, which enabled me to win the beautiful diamond ring. With greatest appreciation,
MARIE FOUTS.

BUNGALOW THREATENED BY A GRASS FIRE

A grass fire on the lot between the Appleton bungalow and Ford Garage brought the Sonoma fire engine out on Thursday of last week, and prompt action prevented the blaze from spreading or doing any damage.

DODGE BROTHERS ANNOUNCE IMPORTANT IMPROVEMENTS

Dodge Brothers have not simply brought out a complete new line of motor cars. They have done something infinitely wiser and better than that.

They have brought new beauty, new riding ease and new mechanical perfection to the product on which their reputation as builders has been founded.

They have built a better and a more desirable line of motor cars—yet basically and fundamentally the identity of their product remains the same.

The same sturdy engine is under the hood; the same dependable chassis, improved in numberless details, underlies the body.

But the rear springs—now underslung—have been materially lengthened. The wheelbase, too, is longer, and the combined result is a notable improvement in riding qualities.

Bodies of all types have been designed to give improved appearance, and greater comfort. Lower, longer, with deeper seats and more leg room, the lines of these new cars are low-swung and graceful—the interiors are comfortable and roomy.

New head lamps and fenders, especially designed by Dodge Brothers to conform with the general lines of the car—a long straight hood and cowl effect—longer and wider running boards—unusually wide doors—combination stop signal and tail lamp—and instruments attractively grouped on raised panel—are a few of the numerous body innovations common to all types.

Combining these features with important mechanical improvements too numerous and technical to enumerate here, it is not extravagant to predict a reception for these cars unprecedented in automotive annals.

THE PROHIBITION EXPERIMENT

The experience of other countries which have tried prohibition is interesting in the light of America's predicament and the growing opinion that prohibition, "as is," is a costly farcical spectacle which is not having the moral effect predicted by its advocates.

Spencer, in his Sociology cites the experience of Scotland where prohibition ran rampant for over 100 years before it could be repealed, although it debauched law and officials, while drunkenness itself increased. More recently, in Manitoba, Dominion of Canada, prohibition was given a try-out of ten years and now, in the modern spirit of accomplishment, the people there have decided to change the pernicious laws for something more sane and enforceable.

If Scotland took over 100 years to get rid of futile liquor legislation, which in all that time could not justify itself and if Manitoba took ten years to expunge it from its statutes, why shouldn't the United States, with its characteristic energy, expedite true temperance by promptly amending our Volstead Act.

Recent commentary by contemporaries in Manitoba's action was as follows:

"The recent election in Manitoba resulted in an overwhelming vote to abandon prohibition for a system of government control, somewhat similar to that which obtains in the Province of Quebec. The plan was formulated by the Moderation League, and it was adopted both by the City of Winnipeg and the country districts. The Manitoba Free Press,

which has been regarded as a dry paper, says:

"The significance of this verdict ought not to be misunderstood. For convenience sake the public has insisted upon using the terms 'dry' and 'wet,' but the question before the people was not a definite issue between liquor and temperance. On any such clearcut issue there would be no question, we think, as to what the decision would be. Those who favor the abolition of restriction on drinking, no doubt, voted affirmatively; but the votes which gave the Moderation League proposal its majority were cast by men and women who would resent the suggestion that they were friendly to liquor and willing to encourage its use. Many of them are electors who voted the other way in previous referendums. They came by personal experience or by observation or as the result of arguments presented to them, to regard the existing law as having failed to bring about the promised reforms and to believe that government sale of liquor, under the provisions of the Moderation League's measure, offered better guarantees for the control of drinking and better prospects for furthering sobriety among the people. The future may show that in this they were wholly mistaken; but on the basis of their vote their sincerity is not open to challenge. Lacking confidence in the existing law, they turned to an alternative in the hope of getting something better. The future alone can show if they had sound grounds for their hope."

"The New York Times' correspondent points out that in the Ontario election the people have swept from

power the Farm-Labor government which stood for no tinkering with the present rigid dry law and returned the Conservatives who promised a referendum as to whether prohibition shall be continued. The Manitoba law instructs the Provincial Government to appoint a commission of three members to put into operation a system for the sale through Government stores of all recognized liquors. All residents of the Province of 21 years of age and over and all visitors must pay one dollar for a permit which must be produced at every purchase from breweries or Government stores. Violators of the law or habitual drunkards forfeit their permits. Under the law, breweries have the right to deliver beer direct to the permit-holder's home, and, in fact, all liquor purchases, save in extraordinary cases, would have to be delivered and not taken from the store or brewery by the purchaser. Early this month another election will be held in the Province to decide whether hotels and all places serving food may be licensed to sell beer and wine with meals. The chief difference between the Manitoba and Quebec laws is that the former requires a permit before sale, and home delivery rather than removal by the purchaser from the store. The conclusion of the Times correspondent is that prohibition is losing ground in Canada. He says:

"Forty per cent of the people of the Dominion of Canada have decided against prohibition by law and that another third of the population, Ontario, are so dissatisfied with conditions under prohibition that they have indicated their desire for another vote upon the question."

"The result is hailed not as a defeat for temperance, but rather that the views of the Moderationists have prevailed."

"Apropos of the Manitoba election the Chicago Journal says:

"The significance of such a vote is profound. An English speaking, agricultural community, differing in no essential particular from Iowa and Nebraska, has tried prohibition for ten years and found it wanting. Save for a comparatively small group the American people are dissatisfied with the Volstead Act. They stick to it chiefly because they have not found a trustworthy alternative. They are determined to prevent, at any rate, a return of the old time tough saloon. Right or wrong, they prefer the boot-legger to the vicious saloon keeper and they are using Volsteadism as a sort of quarantine while looking around for a solution of the real problem, a practical method of distributing wet goods."

"The St. Paul Dispatch says:

"The great importance of the Manitoba vote lies in the fact that it is a constructive action. The conditions which obtain in Manitoba and which have now compelled the citizens of that province to renounce prohibition are very similar to those which at the present time are convincing the best judgment of Minnesota that some kind of reform is absolutely essential in the situation here. The good citizens of this state, who, striking out blindly against the saloon, became the tools of a fanaticism which believes there is something inherently evil in any drink containing more than one-half of one per cent of alcohol, are seeing the error. It was not the proper use of liquor, but the evils of the saloon, that brought prohibition. The United States needed a surgical operation; it got a blow with an ax. Manitoba suffered in very much the same way. It has now turned to a sane plan."

LOCAL AND PERSONAL

W. W. Carter attended an enthusiastic meeting of stockholders in the Griffith oil fields last week at Napa and came back after hearing reports from the experts convinced that a great strike will be made shortly. A leading geologist predicted that Napa would bring in a well which will start a stampede to Northern California oil fields. Mr. Carter has great faith in the property.

Mr. and Mrs. Frank Edrington motored to San Francisco Sunday, leaving here shortly after 6 a. m., and arriving in San Francisco for breakfast with relatives. Mrs. Edrington's brother, Herman Murphy of Visalia, was among the folks visited.

The Glen Ellen Women's Improvement Club is planning a colorful masquerade ball for Halloween, to be held at their new club house.

It is reported that Bianchi Brothers, formerly of the Plaza Hotel here have gone into the hotel business at San Rafael.

Mr. and Mrs. Joseph Keechler, accompanied by their daughter, Mrs. Lena Groskopf, were taking in the races and live stock show at the county fair last Saturday.

Principal J. F. Prestwood has returned from a deer hunt near Geyserville.

Miss Rhea Edrington has accepted a position with a Santa Rosa store.

Mrs. Robert Poppe visited with her daughter, Emily Grinstead and little son at Sacramento last Sunday.

Misses Grace and Mattie McGimsey and Mr. and Mrs. Roy Pauli left yesterday for a motor trip to Nevada to visit relatives and from there Mr. and Mrs. Pauli will go to Los Angeles, where they will be guests of Mrs. Harry Shaw, nee Etta McGimsey.

Dr. A. M. Thomson and daughter, Celia, will leave for a trip East shortly. They will visit relatives near Kansas City, Mo., and the doctor will visit some famous hospitals on the Atlantic Coast.

Mrs. A. M. Thomson and sons and Mrs. Agnes Parramore are enjoying an outing at Branscombe, in Mendocino county.

THE FIRE DEPARTMENT BENEFIT AT BOYES SPRINGS

A large crowd turned out for the Fire Department Benefit at Boyes Springs Wednesday night. A splendid picture "Hearts Aflame" was the program offering and was enthusiastically received. Chief Cause is endeavoring to make the final payment on the engine through receipts of the benefit and donations and asks every resident of the valley to do their part.

Kitchen Bros. Sonoma incubator inventors and manufacturers returned after a six days auto trip to Centralia, Washington, where they closed a big deal with the St. Helens Incubator company which amounts to many thousand dollars.

The St. Helens Incubator Factory is one of the largest in the Northwest and ships machines to all parts of the world. This company has purchased the right to install the Kitchen Egg turning device in all their machines.

VINEBURG NEWS

Miss Leola Forni is the guest of relatives in Penngrove this week.

Misses Irene Moresco and Marie Andreggen, two popular young ladies of Colma, are the guests of Mr. and Mrs. Edmund Bacher at Leghorn Grove, Hyde Tract, this week.

Theodore Anthenian, Jr., Harry Cordell, Pierre Rouquie and Kenneth Roeder, four of our coming society men, started on a hunting trip to the Sierra Nevadas last Monday and expect to land some "deer." All the boys are expert shots and can hit anything from a grizzly bear to a grasshopper if it stands still a sufficient length of time.

Mrs. Rose Spiegel was the guest of Mr. and Mrs. D. Colli at Bird Nest Cottage last Sunday.

The ninth annual picnic given by Sonoma Lodge, U. O. R. M., and the Daughters of Pocahontas at Schuhmann's Garden, Buena Vista, on last Sunday, was a grand success, both socially and financially. A large number of members of both orders from San Francisco, San Rafael, Santa Rosa and other points were present and the various committees were kept busy entertaining their guests. Excellent music was furnished by Misses Leona Fox and Ella Fox and Edward Meinhardt and dancers were delighted with their selections. The committees were composed of Mesdames Steinkamp, Abele and Joost; Messrs. F. Helberg, Steinkamp, O. Rehaag, T. Anthenian, Abele and F. Joost.

The Stewart Fruit Company, after a successful season of packing apples, pears and other fruits and having shipped 65 cars to eastern points and one shipment of Sonoma apples to Honolulu, will start in a short time to ship Sonoma Valley grapes to eastern markets. The company has contracted for the crop on the Goldstein Vineyard, the Picetti vineyard and several others. The Goldstein crop will be shipped direct from Caliente and will amount to between 500 and 600 tons. The other crops will be handled at the packing house in Vineburg.

Messrs. Fred Batto and E. T. Casson motored to Vallejo Thursday.

E. Fouché, well known business man of San Francisco, is the guest of his friend, B. Dupouy, at Vineyard Villa this week.

We have secured the services of a fair assistant to help us report all the news from this section. Her name is Jessie Jane from Kisererville. She is a poetess and uses Palm Olive soap instead of ink on her new typewriter (model of 1856) and this is her trouble at the present time:

A young man who had just become married,

O'er the wine cup he and the Judge tarried.

Then in came a flyin' Foxy Joe Ryan,

Now he's out twenty bucks that he carried.

CARD OF THANKS

On behalf of the Boyes Springs and Valley Volunteer Fire Department, I wish to thank the public for their patronage of the benefit at Boyes Springs Theatre on Wednesday night. I also desire to thank Mr. and Mrs. J. D. Crane and F. F. Partridge for their liberal donations of cash; also Howard Spreckels, through the courtesy of P. McDonald, for the pig; Mrs. Andrews for the hand painted plaque; Mr. and Mrs. Wheatland for the elegant box of peaches; and also last, but not least, the Boyes Springs management for the use of the theatre. Also those who have donated so liberally to the fire department.

CHIEF W. B. CAUSE.

Rev. S. E. Crowe is being warmly welcomed home after a siege with dentists and doctors in San Francisco. He had excellent care at the University of California Hospital, where his daughter is a trained nurse.

Mrs. Marie Bish Johnson of Glen Ellen visited Sonoma friends on Wednesday.

Mr. and Mrs. H. C. Lutgens have returned from their vacation spent at Tahoe and along the Russian River. A. Froment substituted at Batto & Sons' during the absence of the chief clerk.

REDMEN'S RIFLE CLUB DANCE AND SHOOT

The Redmen's Rifle Club of San Francisco, numbering 35 or 40 members, will come to Sonoma next Saturday and Sunday for an outing. The club will give a dance at Union Hall Saturday, Sept. 1st, to which the public is cordially invited. Meinhardt's orchestra will furnish the music.

Sunday there will be range shooting for prizes, details of which are now being arranged.

The club members from San Francisco enjoy a wide acquaintance in Sonoma Valley and anticipate a very enjoyable outing here.

PETRIFIED WOMAN LEAVES THE VALLEY

The petrified woman, of Agua Caliente fame, has gone to other parts to spend the fall and winter. She will return to the Springs on St. Patrick's Day. Her keeper, E. Perkins of Caliente, has leased the antique beauty to Oakland parties who will exhibit her at principal cities of California, including Long Beach.

Mr. and Mrs. Fred Hansen of Guistine are visiting Mr. Hansen's brother, P. Hansen, of El Verano. The family motored to Richmond this week to visit Mrs. Nick Carriger, nee Norma Hansen.

DODGE MOTOR CARS GREATLY IMPROVED

Marked improvements in appearance and comfort is apparent in the new line of Dodge Brothers Motor Cars, in the production of which the factory has been gathering momentum since July 1. Hundreds of dealers are now

Hard Work

and Two-Horse Brand overalls go together. Wherever there is plenty of hard work, there is sure to be lots of hard wear on overalls.

Two-Horse Brand Copper-Riveted Waist Overalls

are built to do a man's work and have been the standard for over 50 years. Buy a pair today under the following guarantee:

A New Pair FREE if They Rip.

Any first-class dealer will tell you we make good on our guarantee, but as a matter of fact, we tell you confidentially that not one pair in ten thousand rips.

This Trade Mark on the label tells they are genuine.

Made by Levi Strauss & Co., San Francisco
Reliable Merchandise since 1853
Makers of Koveralls, Keep Kids Clean

supplied with display cars of the new type, and from every source the factory is receiving reports of enthusiastic approval by the public.

While the basic characteristics of the familiar Dodge Brothers Cars of recent days are still present, there is an air of distinctiveness that surpasses all previous efforts of this concern to build a moderately priced car of commendable appearance as well as quality.

The wheel base is a trifle longer, the body is lower and the rear springs change to semi-elliptical type are underslung and increased from 45 to 55 inches in length.

All the features so popular with the public today are embodied in the design of the complete line, which includes a touring car, roadster, coupe, two types of sedan, and screen side and panel side commercial car of 3½ ton capacity. All steel bodies are now used for all types.

The effect of the longer and lower body and longer wheelbase, combined with the new lines and lower seats, is very fine. According to dealers and others who have driven the new cars, the improvement in riding qualities is no less pronounced than the improvement in general design. The reduction in body height lowers the center of gravity, thereby reducing sway, and rebound shocks are effectively dissipated by the improved front

and rear springs. The car holds the road easily and gracefully and affords real riding comfort.

Another distinct new feature is the louvers or ventilator slits in the side of the hood panels. This change increases the flow of air through the radiator and reduces the flow of hot air to the floor boards, making summer driving most comfortable.

The rear seat and all upholstery of the touring car are removable, affording a larger space for loading luggage or other articles. Seats in all types are deeper and lower, adding to comfort and leg room.

The instrument board is greatly improved in appearance, with instrument grouped on a raised panel and with longer lighting switch lever, facilitating control of the lights while driving.

Head lamps are specially designed to harmonize with the new body lines. A combination caution signal and tail lamp is mounted rigidly on the license plate bracket and conforms with the requirements of all states having lighting regulations.

Brake pedal pads are larger and of a design which makes for greater ease and safety. The band brake lever, like the shifting lever, is moved forward, giving more leg room and making it easier to get in and out. A Yale lock is built into the transmission, making it possible to double lock the car when idle.

The steering wheel is materially improved in appearance and all electrical connections are inside the steering column.

The front springs are increased in length and from 1¼ to 2 inches in width and built of more leaves of a thinner stock. The rear springs, in addition to being longer, are now semi-elliptical and flat.

The front axle is of a design unusually strong. The camber, or in-tilt of the front wheels, is increased, making steering easier. A new gear ratio of the rear axle gives increased flexibility and adds to the ability of Dodge cars as hill climbers.

In the Type A sedan, the upholstery is the finest grade mohair velvet, and all interior hardware is of distinctive Dodge Brothers design. The business coupe and business sedan are finished in attractive Spanish blue leather.

JUDGE ROLFE THOMPSON FOR APPELLATE BENCH

A resolution endorsing Superior Judge Rolfe Thompson of the Sonoma county superior bench for appointment as justice of the district court of appeal, was adopted at the meeting of the Sonoma County Bar Association held on Friday of last week.

Judge Thompson is one of the most able and just jurists on the California bench and eminently qualified by both training and temperament to fill the vacancy created by the death of Judge Albert Burnett of the Appellate Court. No better man could be found to review the cases coming before the higher court and to render sound opinions.

The resolution in full follows: "Whereas, a vacancy has occurred on the bench of the District Court of Appeal of the State of California, in and for the Third Appellate District, by reason of the death of Hon. Albert C. Burnett, of Santa Rosa, who was elected to the Appellate bench from the bench of the Superior Court of this county, and

"Whereas, the coast section of the Third Appellate District, by reason of the death of Justice Albert C. Burnett is left without representation on the bench, and

"Whereas, Hon. Rolfe L. Thompson, judge of the Superior Court of Sonoma county, by reason of his ability, learning and profound knowledge of the law, his judicial temperament and his sterling character, is especially fitted to fill the position made vacant by the death of our distinguished fellow citizen and jurist, therefore, be it

"Resolved, that the Bar Association of Sonoma county does hereby endorse Hon. Rolfe L. Thompson for the appointment as Associate Justice of the District Court of Appeal of the State of California in and for the Third Appellate District, and respectfully urge his Excellency, Friend W. Richardson, governor of California, to appoint him to fill such vacancy.

"The foregoing resolution was duly adopted at a meeting of the Bar Association of Sonoma County, held on August 17, 1923, by unanimous vote.

"HILLIARD COMSTOCK,
"Secretary."

LUCKY MAN WITH FIVE CHILDREN WINS CAR

W. D. Shelly, employee of the Sebastopol Apple Growers who had no car, but had a family of five children to ride in one, was the lucky winner of the Chevrolet at the county fair in Petaluma. Many accessories given by Petaluma merchants and a nice new hat for the wife went to the holder of the lucky ticket.

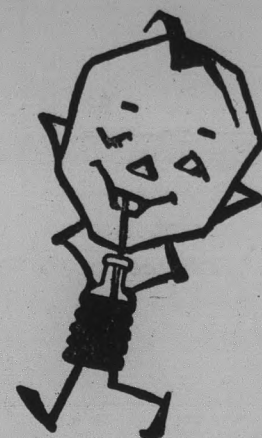

Among the guests at the last social afternoon of the Sonoma Valley Woman's Club was Mrs. J. Ritchie and little daughter, recently from Sydney, Australia. Mrs. Ritchie is musical and will be quite an acquisition to Sonoma, her husband having recently purchased the Plaza Hotel here.

NEWSPAPER MAN VACATIONS HERE

Art Newburg, city editor of the Argus of Petaluma, has been spending his vacation at Boyes Springs. Mr. Newburg is one of the most able newspaper men of Northern California and highly regarded by the Argus.

WENT TO GRAND CANYON

Miss Edna Cooper is home from the Grand Canyon, where she spent a part of her summer vacation in company with Misses Rolfe and Burchard. The school teachers attended the Mission Play of San Gabriel and the Passion Play of Hollywood enroute.

The "KICK" in a Kilowatt

THE unit of measurement for electricity is the Kilowatt Hour. Each Kilowatt Hour costs only a few cents.

And yet but one Kilowatt Hour represents the amount of energy required to raise a 200-pound man 13,277 feet—nearly three and one-half times as high as Mt. Diablo!

Think what the work of one Kilowatt Hour would cost if you hired men to do it. Then consider the wonderful convenience and service of electricity and the trifling cost for its use.

Paint for this garage less than \$6.00

DO you know that you can give a garage like this (12'x20') two good coats of paint with 1½ gallons of Certain-teed, making the paint cost less than \$6? Give your garage the same attention you give your car. You can keep both looking like new with a little paint.

Certain-teed paint keeps your property from running down and decreases the average yearly depreciation by about one-half. Certain-teed shows its quality in three ways: it lasts longer, holds its color better, and covers more surface than ordinary paint.

Certain-teed paints excel in covering capacity, hiding power, and color retaining value. We know of no other paints offering such good value.

Certain-teed

SCHELLVILLE ITEMS

Mrs. McCloskey of the Dale had a visit Sunday from her two young grand sons.

Mrs. Julius Hoegeman left Sunday for a visit with friends and relative in the bay region.

Madam Jerome is having a visit with friends at Larkspur.

Miss Marie Anderson has purchased a Ford car.

George Millerick was visiting in San Francisco recently.

The Tule Vista school reopened Monday with Miss Thunen of Oakland as teacher. A fine Hero heater and ventilator have been installed.

Mr. and Mrs. David Potter of Vallejo spent the week end with relatives here and at Sonoma.

Mr. and Mrs. Ivan Anderson are anticipating a visit shortly with relatives from Alaska.

Miss Geraldine Gear has been enjoying a vacation in Napa Valley.

The Steve Akers family of Petaluma have been having a fine vacation along the coast. They spent the latter part of the week with the Akers and Goodman folks.

Victor Thuat left for a brief trip to San Francisco.

Burnett Ledford and brother are home after a vacation in Yolo and Mendocino counties.

George Cassidy and son, Darrell, leave shortly for a deer hunt in Placer county.

Harold Pauli and brother Clay of Berkeley enjoyed a fishing trip to Pt. Arena over the week end. Recently Harold landed a 15 pound bass down this way. Some sport.

A. E. Barr, a traveling salesman spent a few days here with his family.

Dr. Little is entertaining his little grand children of San Francisco.

Mrs. Ben Meyer, little son and Miss Anna Geisler have been visiting relatives at Sacramento.

Lorn Carscadden left Wednesday for a visit with his brother in San Francisco.

Mr. McGuire of Dale entertained San Francisco friends on Sunday.

LOCAL AND PERSONAL

Mrs. Richard Watt lies critically ill at the home of Miss Octavia Copeland on Broadway.

Miss Florence Murphy spent a pleasant day at Burlingame recently with Mrs. McKinnon, Mrs. Mumfrey and Miss Janet. She found the family, including Mrs. McKinnon, now past 90 years of age, in excellent health.

Miss Mattie Goodman is home from Petaluma, where she visited her aunt, Mrs. Dillon, and Professor and Mrs. Painter. The Painters recently returned from Yellowstone Park.

Mr. and Mrs. W. L. Murphy were entertained at luncheon by Dr. and Mrs. Frank Phillips at the handsome home of the Petalumas during the Fair. The county official is a splendid host and his vivacious wife is one of Petaluma's most popular hostesses.

Harry Seidman, local merchant, has returned from a trip to Richardson Springs and the interior valleys. He says there is no climate to equal Sonoma's.

Mr. and Mrs. P. Wigand of El Verano are moving to Sebastopol, where they have leased an electrically equipped poultry ranch.

Mr. and Mrs. Will Clewe and the Walter Bundschu family have been on a motor trip to Mendocino county the past week.

Mr. and Mrs. Joseph Gilmacher (Millie Richards) of Long Beach, were here recently enroute to Grass Valley to visit Mrs. Gilmacher's mother, Mrs. Kate Richards. The Gilmachers are wealthy residents of the southern part of California, where they reside since moving from Sonoma Valley.

STONE WOMAN GIVES NEWS HOUNDS THE STONE STARE

When Patrick J. McDonald, superintendent of the Spreckels Ranch entertained two Oakland journalists last Friday, he little dreamed how his hospitality would turn out. Of course, Pat did not know that the newspaper gentlemen were not only experts on antiquities, but water enthusiasts as well and that since visiting the Valley they had first sampled the justly famous waters of the El Verano Springs and then followed this by imbibing the product of Iron Springs, which as Superintendent McDonald can testify, completely outclass the vaunted goat glands in reviving youth in man. The journalists came here to get a close-up of the stone woman of Agua Caliente.

After strenuously exercising in a vain attempt to get a good photo of the frozen beauty so peacefully lying in the bottom of her present habitation, naturally the two journalists were somewhat disconcerted. When a photographer stands on his head, lies on his stomach and breaks three mirrors trying to focus light on a poorly illuminated subject, one can expect resentment. Hence, when they met Superintendent Pat on their way to photograph Sonoma Creek, they were in a fit mood to accept his invitation to sample the genuine Agua Caliente water. From this time on the story is rather indefinite, as it is thought the gentlemen absent-mindedly drank some water direct from the creek and by the time they reached the Spreckels Ranch, where Pat was to show them around, it only needed one drink of the celebrated deep well water of that farm to complete the havoc and the whole-hearted boost handed out by the Oakland paper on Monday was the result.

As we get it, Superintendent Pat of the above mentioned ranch figured it out that since the stone woman came out of the Sonoma Creek, sans legs, said pedal extremities must still be within the creek, and as the Spreckels estate is some distance upstream from Agua Caliente and the creek makes a sharp turn at this point, there would be the logical place to look for the valuable lower half of the body. Following this deduction, Superintendent McDonald, in the early morning, seized his trusty pick and assaulted the bed of the creek. His efforts were not rewarded with success, but the water-logged journalists from the Oakland paper seized on the story as an explanation of the countless stone women who paraded before them so fantastically and in this way one Patrick McDonald, the big-hearted Celt, who but recently won the prize as the most popular man in the entire Sonoma Valley, was immortalized in print. However, he who laughs last laughs best and when the Agua Caliente torso is officially tested after the first of the year, the Sonoma Valley will be the Mecca of dozens of scientists whose puerile guesses still fail to destroy man's belief in the Bible and the story of the origin of the world therein. SAFETY VALVER.

SONOMA PARK BAND PLAYED IN PARADE

The Sonoma Park Band led by Prof. P. C. Meinhardt played in the third division of the parade on Egg Day at Petaluma. They furnished some of the best music in the line of march, the brasses being particularly fine. The local boys were reinforced by three of the Jennings Stock Co. musicians who generously substituted for some of the Sonoma musicians who could not get away from business Saturday.

Mr. and Mrs. A. Froment are enjoying a visit from their little grandchildren, Marguerite and Jean Mazuie of San Francisco.

GENERAL PERSIFER SMITH'S KIN CLAIMS TITLE TO LAND

Judge James H. Austin and wife of Missouri came to Santa Rosa this week to look up old records of a land grant made to General Persifer F. Smith by General Vallejo in 1849-50. General Smith was Mrs. Austin's grandfather. She thought the land grant was tradition, but a record of it was found. The land comprises 1000 acres between Sonoma and Petaluma, the Granville Swift place being a portion of it.

General Smith had his military headquarters here in 1846 in the adobe built by Jacob P. Leese, brother-in-law of General Vallejo. This building still stands next to the Valley National Bank, in good repair.

A certified copy of the old deed to General Smith was furnished Judge Austin by County Recorder Snyder, Santa Rosa.

RUEFLI HAD FINE TRIP

O. Ruefli and family returned this week from a four weeks' auto camping trip of over 1300 miles. They left here for Lake Tahoe, went to Reno and returned to the Lake Tahoe country, crossing the Tioga Pass to Yosemite Valley, the National Forest. They came out via Oakdale and then motored to Santa Cruz and Monterey. Mr. Ruefli says the auto camps and parks of cities he passed through were in decided contrast to Sonoma and in small towns having these advantages he found many auto parties and business good.

BABE SHOULDERS WEDS ELDRIDGE YOUNG LADY

(From Napa Register)
Babe Shoulders, former Napa pitcher, and Miss Katherine Goggins, of the Educational Department of the State Home at Eldridge, were married in Oakland last Monday. Miss Goggins left Eldridge Monday after telling friends that she intended going to San Diego, but instead quietly proceeded to Oakland where she met Mr. Shoulders and a wedding license was procured. Shoulders has many friends here who will wish him and his bride every happiness.

GIRL FROM SOUTH WEDS HERE

Silvio Todeschini and Miss Juana Todenwarth were married by Rev. J. F. Byrne last Sunday at St. Francis church. The bride, a pretty girl from the south is a sister of Mrs. B. Mori. A fine wedding dinner followed the ceremony at which the happy couple were wished every happiness.

You will find this to be true

That your automobile lubricated with Zerolene will run from 25% to 50% farther without needing to have its valves ground or cylinders rebored. This is so because Zerolene forms so little carbon.

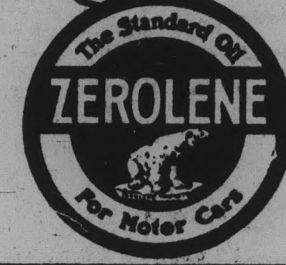

That you will get more mileage from your gasoline, because Zerolene, giving better lubrication continuously, permits the delivery of more engine power to the wheels on the ground.

That Zerolene will reduce your repair expense to a minimum and give you greater satisfaction in driving.

Therefore we say, "Insist on Zerolene—a better oil—even if it does cost less."

STANDARD OIL COMPANY
(California)
